Communication/Powerschool

Email Updates

- Email is used most often to communicate with both students and parents.
- You may get email from any member of the counseling staff. Don't delete, and make sure we aren't going to your Spam folder!
- Be sure we have the most up-to-date email address in PowerSchool and Naviance.

Powerschool

- Can be used to:
 - Check on assignments and grades
 - Contact teachers
 - Enroll in classes for next year
- Please keep all demographic and contact information up-to-date
- Report cards/grades are not mailed home. You must access PowerSchool in order to see grades.

How to Reach Your Counselor

Email

- Email is typically the quickest way to reach your counselor. Students and parents both are always welcome to contact their counselor by email. Email addresses can be found on:
 - The Counseling Center website
 - The WHS website
 - Naviance: Simply click on “Contact Us” on the home page of your Family Connection account

Sign-up Sheets for Students

- Each Counselor has a sign-up sheet in the greeting area of the Counseling Center. Sign up with your full name and date, and your counselor will send you a pass at our next opportunity.
